

## Privacy Policy for schaad.zip

Effective: May 6, 2025

Hi - I'm Nikkie Schaad, the person behind schaad.zip. This site collects some basic data to help me understand how people use it. I care about privacy and only collect what's necessary. Here's what that means:

### What data gets collected

When you visit the site, the following is recorded:

- How many times the page was blurred (like when you switch tabs)
- How long you stayed on the page
- What you did on the page (clicks, scrolls, etc.)
- Where you came from (the "referrer" header)
- The date and time of your visit

All of this is usage data - it's not tied to your name, email, or anything personally identifiable.

### Why I collect it

This info helps me:

- See how the site is used
- Improve the experience
- Catch bugs or weird behavior

It's based on legitimate interest under GDPR, meaning I have a reasonable reason to collect it without needing your consent, as long as it doesn't harm your privacy.

## How your data is protected

The site runs over SSL/HTTPS, which means data is encrypted in transit. I also take care on the backend to make sure collected info is handled securely.

## How long the data stays around

I don't keep it forever - just long enough to analyze patterns and troubleshoot. Then it's deleted or anonymized.

## Your rights

Under GDPR, you can ask to see what data I've got, request it be deleted, or ask questions about how it's handled.
